

This is a record compiled from notes and visual inspection of the churchyard, and the Burial register from March 1973 until now. This file was updated September 2014 and again in July 2016. Some stones are badly weathered and indecipherable. For a definitive record you should consult the Burial Registers that are at the County Records Office in Taunton. The War Memorial is covered by a special downloadable document in the history section of the website. We have used our best endeavours to create this record, if you notice any errors or can add any information please contact us.
